Send key data from F LASH R EPORT® to a mobile phone by SMS R EPORT®

The Demand

Have you ever called in to check out a potential partner or to get company's data and didn't have anything to write on?

Have you ever wanted to have - and be able to share - basic information regarding a particular company wherever you go?

Now, you can do all these, and even more, with **SMS Report**®.

The Offer

Once you have generated the Flash Report® with www.marketalerts.ro/flash.php, you can click on the [SMS] button to automatically open the EUR denominated SMS Report® window:

You can send the SMS Report® to any mobile number of national operators.

The Report

In order to comply with the standard length of one SMS, i.e. 160 characters, the SMS Report® is very concise and contains only the following information from Flash Report®:

Company's name
Fiscal code; Trade Register No.
Address
Currency
Turnover; Net Profit
Net Worth; Overdue Debts to State
No. of Employees
Current Status; Business

To read more details about these data, please refer to www.marketalerts.ro/glossary.php.

Furthermore, for the aforementioned reason, some data might be shortened, especially on the Name, Address and Business fields.

Here is a sample of the SMS Report®:

```
PLUS DEVELOPMENT S.R.L.
17625373;J40/9497/2005
Sos. BUCURESTI PLOIESTI 42-44

```

Eligibility

Only MarketAlerts.Ro™ users who registered with us and purchased credits by SMS on www.marketalerts.ro/CreditBySMS.php are eligible to send SMS Reports®. For security reasons, you will be asked to provide the password for your MarketAlerts.Ro™ account.

Conversion Rate

One MarketAlerts.Ro™ credit is equivalent with 4 (four) successfully sent SMS Reports. Nevertheless, first two SMS are free.
